

# ***NOTICE***

## **To: All Exporters & Customs House Agents**

It is mandatory to declare the scientific name and common name of all biological materials in the Export invoices and Export CusDecs for the purpose of processing them and permitting the shipments. Providing the reference articles with coloured photographs will facilitate these tasks in identifying the materials in question.

If any article has been declared for license control the exporters or their agents shall provide the respective export license for the material in question for the purpose of processing the Export CusDecs.

### **Eg :**

1. Wild Life & Protected Species: Director, Wild Life Conservation Department.
2. Lobsters: Director, Fisheries & Aquatic Resources Department.
3. Forest Products, Seeds & Allied Materials: Conservator of Forest, Forest Department.

Further, the CusDec processing for such materials can be done in advance at the Colombo, Export Office, rather than waiting for the last minute rush will also facilitate the processing and permitting procedures in total.

**Chief Export Officer**
