DTI (VPN) User Policy of the Sri Lanka Customs (SLC)

General

- 1. The DTI User, a person authorized by the CHA Enterprise to access the ASYCUDA System(herein after called as User), is required to secure a VPN link first in order to connect to the DTI system, user will be issued a Username (User ID) protected by a confidential Password known only to the said User for the VPN.
- 2. Users are **responsible** for protecting confidentiality of user identification and passwords
- 3. Users are **responsible** for protecting the VPN link and the System from unauthorized and illegal use.
- 4. Users are required to enter their username and password in order to create the VPN link.
- 5. The User **must not share** the Password with anybody else and should avoid writing their password.
- 6. If it is believed that someone else has the knowledge of a user's password, or is using an account other than their own, the password should immediately be changed and ICT Division should be immediately notified.
- 7. If a password is forgotten or needs to be reset, the Users must then contact the ICT with an authorization letter from the Authorized Signatory.
- **8.** Passwords should not be sent via e-mail.
- **9.** In **No event** shall Sri Lanka Customs (SLC) is liable to any damage or losses to the User caused by use of VPN facility.
- **10.** From time to time SLC may post a new terms of service that will become binding and it is the responsibility of the users to periodically check for new Terms of Service.

Password Requirements

- 1. It must have a minimum of eight (8) characters
- 2. It must not contain all or part of the user's account name
- 3. It must contain characters from at least three of the following four categories:
 - a) English Uppercase characters (A through Z)
 - b) English Lowercase characters (a through z)
 - c) At least one number (0-9)
 - d) Non-alphanumeric characters (example:!, \$, #, %,^)
- 4. Never use a person's name or any word that could be found in the dictionary. Breaking up words with special characters or numbers is an easy way to avoid this.
