HOW TO CONNECT TO THE ASYCUDA WORLD SYSTEM THROUGH THE INTERNET (DIRECT LINK-WITHOUT VPN)

What you need

A Personal Computer or a Laptop with an Internet Connection

Step 1

Open the internet explorer and go to the customs website www.customs.gov.lk

Click on the big "A" button at the bottom

Click "Continue to this website (not recommended)"

Click on either desktop icon on the right side depending on your machine (32 bit or 64 bit)

Then the login screen will come

Enter your username(CHA5050) and password and click on the Right Mark

Troubleshooting

Error	Solution
"Could not run the java Virtual Machine"	Please uninstall all the previous versions of java and install the java 6 update 17(32bit or 64bit depending on your operating system). Please don't update the java after installing when prompted
"Server Not Found"	Check that you have a valid internet connection or you have enough ram in your PC (4GB or more)
