13/05/2013

SUBMISSION OF THE e CDN for FCLs.

If a container is to be exported the exporter/declarent should declared a container in the CusDec. He may not have the correct container details. If so he should enter a dummy container number such as xxxxxx when submitting the CusDec. Please click the cage 19 if there is a container. If the exporter/declarent fails to do so, it will not be possible to generate the Summary Report to be sent to SAGT/SLPA at the boat note office.

Next click on the

/

mark and the document will be registered.

The document reference number will appear. In this case it is C 5 of 13/05/2013.

Take a print out and hand over to the Driver of the container carrier. Please instruct him to hand over the same to the NCT gate Customs staff.

A CusDec may have 20 containers. In such a scenario 20 CDNs should be submitted. One each for a container.

If the exporter himself will submit the CDN he should sign an MOU with the Customs.

NCT GATE STAFF WORK WITH REGARD TO THE E-CDN.

Retrieve the e-CDN giving correct information.
