

## The New Outward Remittance Management Updates on ASYCUDA World

Sri Lanka Customs has made a decision to migrate the existing Outward Remittance Management mechanism to the ASYCUDA World System(SL Customs Declaration Processing System).

The "Remittance management" module can be located in the Asycuda World document library path as indicated below. All Outward remittances related to Imports Cargo, which are electronically transferred by all commercial banks, are stored in this module.

Bank Code	Branch Code	Reference Number	Consignee Name	Transacted Date	Terms Of Paymnet	Terms of Delivery	Currency
7010	004	BTD/143812	FANCY MAHAL	06/01/2021	35	CFR	EUR

Figure 01: Payment Data on a Cusdec

- **No changes** have been made to the Remittance and Bank Information (Cage 28), in the first page of Cusdec. The Customs Brokers are required to continue filling the **Cage 28** in the same manner.
- Apart from above, the **“Remittance” form** must be filled using the following guidelines;
  - If there are more than one remittance for a Cusdec, include the Terms of Payment of the Main remittance (one with the highest value portion) in the **Cage 28** of this form. Information of all the remittances related to a Cusdec must be included in the Remittance form using the **Remittance Tab**
  - If the Shipment has any **Open Account Transaction**, then the Terms of Payment code is **70**.

E.g. . Total Cusdec Value = 14,000 USD  
Open Account = 6,000 USD  
Advanced payment = 8,000 USD

When it is an Open Account Cusdec, the relevant **Open Account Code(70)** has to be entered in Cage 28.

When it is a NFE Basis Cusdec, the relevant **NFE Code(90)** has to be entered in Cage 28.

- Use the **Remittance** tab on the Cusdec to move to the Remittance form (Figure 2).

**Figure 02: Remittance tab on Cusdec**

The following (figure 03) is the format of the **Remittance table/form** that is required to be filled. It must include all remittances of a given Cusdec.

Bank Code	Bank Name.	TOP	TOP description	Reference	Currency	Balance	Selected Amount

Bank Code	Bank Name.	Ref	TOP	TOP Desc.	Currency	Amount

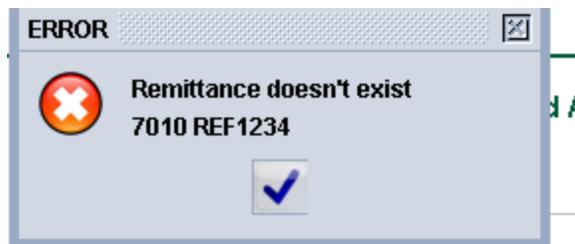

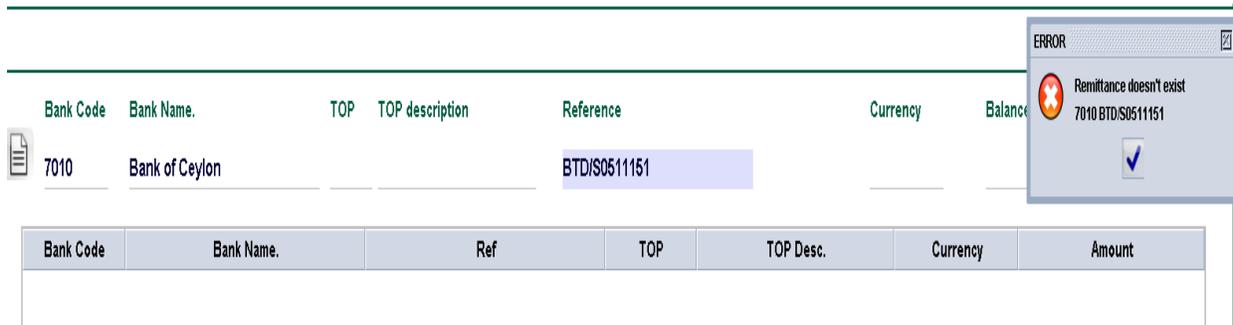

**Figure 03: Filling Data on Remittance table/form.**

- If the remittance form is unfilled the following **error message** will be displayed (figure 04).

Figure 04: Error message shown if the Remittance table is empty.

- When remittance is not found in the Remittance Management System (RMS) ,, the following error message will appear on screen (figure 05).

**Figure 05: Error message shown if the Remittance is not found on AsyCuda System.**

- If the remittance is available in the **AsyCuda World Remittance System(RMS)**, once the bank Code and the reference No are entered, the relevant amounts will be filled automatically (figure 06).
- once the bank Code (9999) and the Terms of Payment (70) are entered, the relevant amounts will be filled automatically for Open Account Remittances (figure 06).
- once the bank Code (9999) and the Terms of Payment (90) are entered, the relevant amounts will be filled automatically for NFE Basis Remittances (figure 06).

Bank Code	Bank Name.	TOP	TOP description	Reference	Currency	Balance	Selected Amount
