

Sri Lanka Customs National Imports Tariff Guide 2023

**Policy, Planning and Research Directorate,
Sri Lanka Customs.**

PREFACE

Sri Lanka Customs National Imports Tariff Guide (NITG)-2023 is published by Sri Lanka Customs Department as a guide and a reference for ensuring the collection of due revenue, assessment of feasibility for importers, ensuring accurate customs declarations by Customs House Agents and to fulfill the diverse needs of all other stakeholders in supply chain management. This will also be a comprehensive guide for the general public, researchers and students who are interested in international and local trade.

The NITG – 2023, has been compiled with The latest version of the Harmonized System(HS 2022 of World Customs Organization) was approved in June 2019, and entered into force on 1 January 2022, which is the seventh edition of the Harmonized System (HS) nomenclature, is used worldwide for the uniform classification of goods traded internationally, and has been accepted by all Contracting Parties to the INTERNATIONAL CONVENTION ON THE HARMONIZED COMMODITY DESCRIPTION AND CODING SYSTEM (BRUSSELS, 14 JUNE 1983), together with applicable National Levies with effect from 1st January 2023.

Importations of commodities are governed by a vast array of legislation and require approvals, licenses issued by various entities. The NITG – 2023 is comprised of a comprehensive list of such statutory requirements pertaining to each commodity fulfilling a long-felt need by all stake holders.

The immense task of incorporating the HS code amendments and corresponding taxes were accomplished through the untiring and concentrated effort of the staff of Policy, Planning and Research Directorate of Sri Lanka Customs. Identifying the relevant statutory requirements pertaining to each commodity requires perusing of a vast amount of acts and regulations, and compiling such statutory requirements and incorporating it with the NITG – 2023 is an enormous task achieved by the Policy, Planning and Research Directorate of Sri Lanka Customs.

I extend my sincere gratitude and commendations for their exemplary achievement.

I wish that all interested parties may find this guide as a valuable tool for their individual progress and also the economic growth of the country.

P.B.S.U.Nonis
Director General of Customs
Sri Lanka Customs

GENERAL RULES FOR THE INTERPRETATION OF THE HARMONIZED SYSTEM 80

ABBREVIATIONS AND SYMBOLS 82

INTRODUCTION

1. The National Customs imports Tariff is a Guide to compute all the taxes or levies payable on goods (commodities) imported. It is a publication of such taxes stipulated under various Acts and Enactments, consolidated in to one book for ease of reference, both by the Customs Officials as well as the general public.
2. In this guide, the following taxes have been consolidated incorporating amendments 31st December 2022;
 - Customs Duty payable in terms of schedule 'A' of the Customs Ordinance (Chapter 235), stipulated by Revenue Protection Orders made under the Revenue Protection Act, No 19 of 1962.
 - Value Added Tax payable in terms of VAT Act No.14 of 2002.
 - Excise Duty payable in terms of Excise (Special Provisions) Act No. 13 of 1989.
 - Port and Airport Development Levy payable in terms of Section 2 of Finance Act No. 11 of 2002.
 - Special Commodity Levy payable in terms of Section 2 of Special Commodity Levy Act No. 48 of 2007.
 - Export Development Board (EDB) Cess payable in terms of Export Development Act No. 40 of 1979.
 - Social Security Contribution Levy (SSCL) Act No. 25 of 2022.
3. Nevertheless, this guide itself is not a legal instrument. For purposes of establishing the source of legal authority of taxes indicated in the guide, one has to make reference to the relevant gazette notifications published under the respective Acts and Enactments notifying the imposition, deletion or amendment of rates of such taxes.

The Structure of the Tariff

4. The National Customs Tariff is comprised of (i) Table of Taxes, (ii) List of Concessions and (iii) List of Exemptions. The Table of Taxes - except for the National Subdivisions described in paragraph 07 herein below - consists of the "Harmonized Commodity Description and Coding System" (hereinafter referred to as the "Harmonized System" or HS), and rates of various taxes prescribed for each commodity in the said HS respectively.
5. The said HS nomenclature is comprised of 21 Sections, 99 Chapters, Headings and Subheadings established there-under in a structured hierarchical order, and the numerical codes for the identification of each heading and subheading respectively. Subheadings under the headings have been created at three hierarchical levels, namely, subheadings whose text is not preceded by a dash, subheadings whose text is preceded by one dash, and subheadings whose text is preceded by two dashes, in the descending order. These subheadings are identified by six digit numeric Codes. The HS nomenclature is established by the International Convention on the Harmonized Commodity Description and Coding System of which Sri Lanka is a signatory.
6. Depending upon the national requirements, some of the Subheadings (at the available lowest hierarchical level) are further subdivided at national level. Such divisions are known as National Subdivisions or NSD. NSD are identified by a numeric code comprising of 08 digits, and shall be further denoted by three dashes preceding the text. Depending upon the national requirements, those NSD too may be further divided, in which event those divisions - also known as NSD and identified by eight digit numeric codes - shall be identified by four dashes preceding the text.
7. Rates of various taxes payable for commodities (or groups of commodities as the case may be) have been indicated against each commodity (or the group of commodities as the case may be) identified by the international HS Codes, or against each NSD at the lowest hierarchical level when those international codes are further divided. Those lines comprising of a code, description and taxes are known as Tax Lines.

How to find out the taxes payable on any given commodity:

8. For purposes of levying duties and other levies, goods imported (or exported as the case may be) shall be classified within the said HS Nomenclature. Such classification shall be in accordance with the General Rules for the Interpretation of the said HS Nomenclature, with due regard to the Explanatory Notes to the HS Nomenclature, that being the official interpretation to the HS Nomenclature by the World Customs Organization. Where the Subheadings at the international level are divided into NSD, the goods shall be classified down to the lowest hierarchical level, by first selecting the appropriate three-dash NSD, and if further divided, by selecting the appropriate four-dash NSD there-under.
9. The classification of goods within the NSD shall be according to the text of each NSD; the text providing the most specific description of the commodity to be classified shall be preferred over other NSD. The text of each NSD shall be considered in the same numeric sequence as they appear in the National Customs Tariff. All preceding subdivisions should be considered in their numerical sequence and exhausted, before choosing a particular NSD.
10. For purposes of paragraph 9 above, Three-dash NSD are comparable only with the other Three-dash NSD created under the same six-digit code (Harmonized System Code). Likewise, Four-dash NSD are comparable only with the other Four-dash NSD created under the same Three digit NSD.
11. Every commodity so classified shall be levied with the duties and other taxes specified in the tariff line corresponding to the classification code (whether the HS code or NSD as the case may be) selected as appropriate. Levying of those taxes shall be subjected to following conditions.

Levy of Customs Duty

12. Subject to the provisions of paragraphs 14 to 19 respectively, the commodities so classified shall be levied with the General Rate of Duty or the Preferential Rate of Duty where applicable, as prescribed in the respective Tariff Line.
13. Value for levying of Customs Duties shall be determined in accordance with the terms of Schedule 'E' to the Customs Ordinance (Chapter 235). Formula in this guide is to be followed in computing the Customs Duty.
14. For the purposes of paragraph 12, wherever more than one General Rate of Duty is specified, the rate that accrues the highest amount of Duty shall apply, unless specified otherwise.
15. For the purposes of paragraph 12, wherever a Preferential Rate and a General Rate of Duty are prescribed for any commodity, the Preferential Rate shall be levied provided that the commodity is proved to the satisfaction of the Director General of Customs to have been produced or manufactured in the respective country or group of countries as prescribed and are in accordance with the terms and conditions of the Resolution prescribing such Preferential Rate or Rates, as published in the Gazette.
16. Where the commodities qualify for concessionary rates prescribed in the "List of Concessions", the commodities shall be levied with the concessionary rates; where the commodities are qualified for exemptions as per "List of Exemptions", the commodity shall be exempted from such Duties. For purposes of this paragraph, Director General of Customs shall be the final authority for deciding whether the commodity qualifies for such concessions or exemptions enumerated under Schedule 'A' of the Customs Ordinance.
17. Machinery, plant and equipment, if imported disassembled or unassembled for convenience of packing, handling or transport, and presented in the same consignment, or imported in different consignments after having obtained prior approval to import in different consignments, are to be classified as the commodity resulting after the assembly, provided that the Director General of Customs is satisfied that the goods warranted importation disassembled or unassembled, and the rate of Duty applicable for such disassembled or unassembled goods shall be the rate of Duty applicable to the commodity resulting after the assembly.
18. Customs Duty shall not be levied when a "Special Commodity Levy" is imposed and is in force for the same commodity; then, only that Special Commodity Levy shall be levied, subject to details given there under.

Levy of other Taxes

19. The commodities so classified as prescribed in paragraph 11 above, shall be levied with Value Added Tax (VAT), Port and Airport Development Levy (PAL), Excise (Special Provisions) Duty, Export Development Board Cess and Social Security Contribution Levy (SSCL) where applicable, as prescribed in the respective tariff line, subject to following conditions.
20. Formulas of Import Levies shown in this guide are to be followed in computing the tax bases for respective taxes/levies.
21. When Special Commodity Levy is imposed for a commodity, and is in force, only that levy shall be levied instead of all other taxes/levies.
22. For the purpose of paragraph 20, wherever a commodity is qualified for exemption (as provided for in the respective Act) from the levying of a tax indicated in the tariff line, then that commodity shall be exempted from such tax.
23. Wherever an ad-valorem rate and a specific rate of a levy are indicated, the rate that accrues the highest amount shall be applied, unless specified otherwise.

The Units of Quantities

24. Importers are required to declare the quantity of commodity in accordance with the "Unit of Quantity" shown against the Tariff Line under which the respective commodity is classifiable. The said same "Unit of Quantity" shall be applicable in paying the "Specific Rates of Duties," unless specified otherwise.

Other Statutory Regulations and Requirements

25. Commodities requiring Import (Control) License prior to importation are provided in the relevant tariff line in this guide. Commodities presently under the Sri Lanka Standards Institute (SLSI) compulsory inspection scheme are also provided in the relevant tariff line.
26. Commodities requiring approvals/permits or licenses for importation under other statutory requirements that have to be obtained prior to the importation or subsequent inspection has been incorporated into the guide for ease of reference under the "Commodities subjected to other statutory regulations and requirements". For the purpose of legal authority the relevant Acts, regulations and relevant gazette notifications published thereon may be referred. All imports are subject to the Foreign Exchange Act No.12 of 2017

Disclaimer

27. Whether specifically mentioned in this guide or otherwise, importers are bound by law to comply with the requirements of all regulations, Acts and enactments relative to imports and imported goods, as in force at the time of import. It is important to note that the above lists indicate only the frequently required permits and licenses and hence is NOT EXHAUSTIVE. Obtaining the applicable approvals and permits from the respective authorities is the responsibility of the importers.

SCHEDULE 'A' OF THE CUSTOMS ORDINANCE

Prescribed under Section 10 of the Customs Ordinance (Chapter 235)

1. Schedule A, being the "Table of Duties" (including the list of concessions and the list of exemptions), is comprised of a list of commodities and groups of commodities, and rates of duties prescribed for each commodity or group of commodities.
2.
 - (i) The said list of commodities is in accordance with the "**Harmonized Commodity Description and Coding System (2022 Version)**" (hereinafter referred to as the "**Harmonized System**"), established by international convention, to which, Sri Lanka is a signatory. The Harmonized System is comprised of the headings and subheadings consisting of commodities or groups of commodities, numerical codes assigned for those headings and subheadings, both categories arranged in to Sections and Chapters with some Sections, Chapters, and Subheadings having preceding Legal Notes, and the General Rules for the Interpretation of the Harmonized Commodity Description and Coding System. The said Subheadings are identified by six-digit numerical codes known as Harmonized System Codes or Commodity Codes.
 - (ii) Depending upon the national requirements, the list of commodities referred to in paragraph (i) above is further subdivided at national level by creating National Subdivisions under Harmonized System Codes. Such National Subdivisions are identified by sub-commodity codes comprised of eight-digits.
3. For determination of the duty rate or rates applicable for any goods, wares or merchandise, hereinafter referred to as commodities, the same shall be classified in the said list of commodities, and the appropriate Harmonized System Code shall be selected.
4. Where a commodity code is subdivided at national level, it shall be mandatory to classify the commodity beyond the six digit level, down to the lowest hierarchical national level.
5. The classification of the commodities in the nomenclature down to the sixth digit level (to determine the appropriate Harmonized System Code) shall be governed by the principles set out under the General Rules for the interpretation (GRI) of the Harmonized System.
6. For the purposes of paragraph 05, due reference shall also be made to the Explanatory Notes to the said Harmonized System.
7. Where nationally subdivided, the classification beyond the six-digit level shall be governed by the following principles:

- (i) Where the National Subdivisions (NSD) are created at two hierarchical levels and identified by three dashes ("Three - dash NSD") and four dashes ("Four-dash NSD") respectively preceding the text, the Three-dash NSD shall be considered as hierarchically higher to the Four-dash NSD. First the applicable Three-dash NSD under the appropriate Harmonized System Code shall be selected and thereafter the applicable Four-dash NSD under the selected Three-dash NSD shall be selected.
 - (ii) The classification among the NSD shall be according to the text of each subdivision, but shall be governed - mutatis mutandis - by the provisions of GRI; the text providing the most specific description shall determine the appropriate NSD. For that purpose, Three-dash NSD are comparable only with the other Three-dash NSD created under the same six-digit code (Harmonized System Code); likewise, Four dash NSD are comparable only with the other Four-dash NSD created under the same Three-dash NSD.
 - (iii) NSD shall be considered in the same numeric sequence as they appear in the Table of Duties. All preceding subdivisions under the selected six-digit code should be considered in their numerical sequence and exhausted, before choosing a particular NSD, as indicated in subparagraph (ii) above.
- 8. Every commodity so classified down to the lowest hierarchical level, shall be levied, subject to provisions of paragraph 09 (i), (ii) and (iii) respectively, with the General Rate of duty or the Preferential Rate of duty where applicable, prescribed against the respective Commodity Code (Harmonized System Code) or the NSD Code appropriate for that commodity.
- 9. For the purposes of paragraph 08,
 - (i) wherever more than one General Rate of duty is specified, the rate that accrues the highest amount of duty shall apply, unless specified otherwise.
 - (ii) wherever a Preferential Rate and a General Rate of duty are prescribed for any commodity, the Preferential Rate shall be levied provided that the commodity is proved to the satisfaction of the Director General of Customs to have been produced or manufactured in the respective country or groups of countries as prescribed and are in accordance with the terms and conditions of the resolution prescribing such Preferential Rate or rates, as published in the Gazette.
 - (iii) during the implementation of Tariff Liberalization Programme of a Free Trade Agreement, to which Sri Lanka is a party, if the rate of duty of a commodity reflected in the Column (4) of the Schedule against the respective Free Trade Agreement is more than the General Rate of Duty reflected in the Column (5) of the Schedule, then the General Rate of Duty shall be applied
- 10. Where the commodities qualify for concessionary rates listed in Annex-1 to schedule "A", the commodities shall be levied with the concessionary rates; where the commodities are qualified for exemptions as per list of exemptions in Annex-II, the commodity shall be exempted from such duties. For purpose of this paragraph, Director General of Customs shall be the final authority as for deciding whether the commodity qualifies for such concession or exemption.
- 11. Machinery, plant and equipment, if imported disassembled or unassembled for convenience of packing, handling and/or transport, and presented in different consignments, are to be classified as the article (commodity) resulting after assembly if the Director General of Customs is satisfied that the goods warranted

presentation in that manner, and the rate of duty applicable for such disassembled or unassembled goods shall be the rate of duty applicable to the assembled article.

COMPUTATION OF IMPORT LEVIES

Following duties and fiscal levies are collected by Sri Lanka Customs, on imported goods, at the time of importation.

Customs Duty (Preferential and General)	Export Development Board Cess	Port and Airport Development Levy (PAL)
Excise (Special Provisions) Duty (ED)	Value Added Tax (VAT)	Special Commodity Levy (SCL)
Surcharge	Social Security Contribution Levy (SSCL)	

Abbreviations.

v	CIF Value in Rupees	e	Excise (Special Provisions) Duty	s	Surcharge
c	Cess under Export Development Board Act	t	Value Added Tax	SSCL	Social Security Contribution Levy
d	Customs Duty *	p	Ports and Airports Development Levy		

Customs Duty $d = (\text{CIF value}) * (\text{Customs Import Duty Rate})$ or $d = (\text{Quantity}) * (\text{Unit Rate of Customs Import Duty})$

Excise (Special Provisions) Duty $e = (v + 15\% \text{ of } v + d + c + p) * \text{Excise Duty Rate}$ or $e = (\text{Quantity}) * (\text{Unit rate of Excise Duty})$

Export Development Board Cess $c = (v) * (\text{Cess Levy Rate})$ or $c = (\text{Quantity}) * (\text{Unit Rate of Cess Levy})$

Value Added Tax $t = (v + 10\% \text{ of } v + d + c + p + e + s) * (\text{VAT Rate})$

Port and Airport Development Levy $p = (v) * (\text{PAL Rate})$

Special Commodity Levy	$SCL = (\text{Quantity}) * (\text{Unit rate of SCL})$
Surcharge	$S = d * (\text{Surcharge rate})$
Social Security Contribution Levy	$SSCL = (v + 10\% \text{ of } v + d + c + p + e + s) * (\text{SSCL rate})$

COUNTRIES COMING UNDER VARIOUS PREFERENTIAL TRADE AGREEMENTS AND INDICATORS FOR PREFERENTIAL RATES OF DUTY

** **Note:** If the Customs Duty is waived by the Ministry of Finance or a concessionary Duty rate or a preferential rate is granted, then 'd' stands for the actual amount of Duty paid. In the event the Customs Duty payment is suspended (for e.g. under the Bonding Regime), then d' stands for "actual amount of Duty that was payable".*

SPECIAL COMMODITY LEVY (SCL)

Special Commodity Levy is imposed in terms of Section 2 of Special Commodity Levy Act, No. 48 of 2007.

The purpose of the introduction of this Levy was to overcome the complexities associated with the application and administration of multiple taxes on essential commodities. Accordingly, the Special Commodity Levy is applicable on such specified items as a composite tax in lieu of all other prevailing levies [such as Customs Duty, VAT, EDB Cess, Excise (Special Provisions) Duty, PAL and NBT].

CESS LEVY AND MAXIMUM RETAIL PRICE (MRP) BASED CESS LEVY

Cess levy was imposed in terms of Section 14(1) of the Sri Lanka Export Development Act No. 40 of 1979 and the rates specified are provided in the National Tariff Guide.

A Cess levy called “MRP-based Cess” payable on selected commodities falling within HS 1704.10.10, 1704.90.10, 1806.31, 1806.32, 1905.31.10, 1905.32.10, 1905.40.10, 1905.90.20, 3401.11.10, and 3401.19.10 was introduced on 15.10.2007

Wherever more than one rate (out of the three rates - namely, ad-valorem rate, Maximum Retail Price (MRP) based rate and Unit Rate) are specified, the applicable rate shall

be the rate which results in the highest amount as Cess.

A Cess levy called "MRP-based Cess" payable on selected commodities falling within HS 1704.10.10, 1704.90.10, 1806.31, 1806.32, 1905.31.10, 1905.32.10, 1905.40.10, 1905.90.20, 3401.11.10, and 3401.19.10 was introduced on 15.10.2007.

The levy is a percentage of the maximum retail price of such goods in Sri Lanka minus permissible abatement. The percentage of abatement is determined by the Ministry of Finance and Planning by taking into consideration the charges incurred after importation and the profit margin. The abatement is presently decided at 35%.

Under this scheme the importer of such goods is required, at the time of importation, to have the MRP clearly marked on the packing of each product in English language. The regulations to this effect are published under the Consumer Affairs Authority Act No. 09 of 2003, for selected items from time to time.

On submission of CusDec for such goods, the Importer must make a separate declaration giving the maximum retail price in Sri Lanka Rupees against each product of different brand, Article Number, size, etc. The format of this declaration was published under Customs DOPL No. 606B.

COMMODITIES SUBJECTED TO OTHER STATUTORY REGULATIONS AND REQUIREMENTS

Importations of commodities which are subjected to approval or pre- import sanctioning/ licensing except ICL/ SLSI requirements are listed below. It is important to note that the list indicates only the frequently required permits and licenses and hence NOT Exhaustive. GENERAL RULES FOR THE INTERPRETATION OF THE HARMONIZED SYSTEM

Classification of goods in the Nomenclature shall be governed by the following principles:

1. The titles of Sections, Chapters and sub-Chapters are provided for ease of reference only; for legal purposes, classification shall be determined according to the terms of the headings and any relative Section or Chapter Notes and, provided such headings or Notes do not otherwise require, according to the following provisions:
2.
 - (a) Any reference in a heading to an article shall be taken to include a reference to that article incomplete or unfinished, provided that, as presented, the incomplete or unfinished article has the essential character of the complete or finished article. It shall also be taken to include a reference to that article complete or finished (or falling to be classified as complete or finished by virtue of this rule), presented unassembled or disassembled.
 - (b) Any reference in a heading to a material or substance shall be taken to include a reference to mixtures or combinations of that material or substance with other materials or substances. Any reference to goods of a given material or substance shall be taken to include a reference to goods consisting wholly or partly of such material or substance. The classification of goods consisting of more than one material or substance shall be according to the principles of rule 3.
3. When by application of rule 2 (b) or for any other reason, goods are, *prima facie*, classifiable under two or more headings, classification shall be effected as follows:
 - (a) The heading which provides the most specific description shall be preferred to headings providing a more general description. However, when two or more headings each refer to part only of the materials or substances contained in mixed or composite goods or to part only of the items in a set put up for retail sale, those headings are to be regarded as equally specific in relation to those goods, even if one of them gives a more complete or precise description of the goods.
 - (b) Mixtures, composite goods consisting of different materials or made up of different components, and goods put up in sets for retail sale, which cannot be

classified by reference to 3 (a), shall be classified as if they consisted of the material or component which gives them their essential character, insofar as this criterion is applicable.

- (c) When goods cannot be classified by reference to 3 (a) or 3 (b), they shall be classified under the heading which occurs last in numerical order among those which equally merit consideration.

4. Goods which cannot be classified in accordance with the above rules shall be classified under the heading appropriate to the goods to which they are most akin.

5. In addition to the foregoing provisions, the following rules shall apply in respect of the goods referred to therein:

- (a) Camera cases, musical instrument cases, gun cases, drawing instrument cases, necklace cases and similar containers, specially shaped or fitted to contain a specific article or set of articles, suitable for long-term use and presented with the articles for which they are intended, shall be classified with such articles when of a kind normally sold therewith. This rule does not, however, apply to containers which give the whole its essential character.

- (b) Subject to the provisions of rule 5 (a) above, packing materials and packing containers presented with the goods therein shall be classified with the goods if they are of a kind normally used for packing such goods. However, this provision is not binding when such packing materials or packing containers are clearly suitable for repetitive use.

6. For legal purposes, the classification of goods in the subheadings of a heading shall be determined according to the terms of those subheadings and any related subheading notes and, mutatis mutandis, to the above rules, on the understanding that only subheadings at the same level are comparable. For the purposes of this rule the relative section and chapter notes also apply, unless the context otherwise requires.
